

Jan 31/08 Revision: “CNUG 2008 Conference”
March 27–29, 2008
Banff Park Lodge, Banff, Alberta

Mid-December CNUG sent you a poster to inform you of the upcoming first annual CNUG 2008 Conference. To bring you up-to-date, the conference is still in the planning stage. With the support of our platinum sponsor, EMIS Canada, we are organizing speakers to present relevant topics for the Canadian healthcare market.

The CNUG 2008 Conference is your forum to share information with your constituents and colleagues' regarding what has worked, and what has not with respect to implementing a consult-centric EMR. Keynote speakers from EMIS (both the UK and Canada) as well as other thought-leaders in the area of medical informatics will share with you information from lessons learned, and approaches to consider as the EMR fundamentally advances the way we deliver care for patients.

A list of speakers and their topics, as well as exhibitors is forthcoming and will also be posted on [the MDERA, UofC, CHR and EMIS websites](#) by the end of January, 2008. Furthermore, an opportunity to learn how to get the best out of your system with one-on-one instruction in the “Bear Pit” with qualified EMIS specialists will certainly anchor the event.

Revision: The Conference Fee per individual will be \$150 CDN for the conference duration of three days. The Conference Fee per individual for Friday alone will be \$75 CDN. Each participant will be responsible for their own hotel accommodation at a [special conference rate of \\$154.54 per day](#) (includes taxes). Registering early, prior to February 11, 2008 will ensure that you get the negotiated conference rate at the Banff Park Lodge.

You can reserve your hotel room [on-line](#) by going to www.banffparklodge.com, going to reservations and using the [ID: 9015 and Password: 37004738](#). Our block of available space will be reduced starting February 11th.

Who should attend? Physicians, administrators, clinical and support staff, trainers, those who are currently using EMIS, or will go live with EMIS in the upcoming year.

CNUG 2008 Conference Co-Chairs:

Dr. Steven Edworthy;

Dr. Norman Yee
